Diversity, Equity, & Inclusion Champion Certification

A Master Class in 7 Online Modules

March 5th – April 16th 2024

Diversity, Equity, & Inclusion Champion Master Class Certification

Our Diversity, Equity, & Inclusion Champion Master Class is designed for systemic change. Because that's what is necessary to benefit from diversity – a systemic shift from business as usual to shaping a culture of inclusion. You need to sift through sand to get to the gold. This master class will teach you where to look.

As a certified DEI Champion, you'll be able to initiate, drive and support that cultural change by engaging everyone in your organization.

You'll learn **Diversity Intelligence** – the myriad of ways you can hack company culture to make it more inclusive.

With your help, the levels of inclusion, belonging, and psychological safety in your company will grow all the time, helping you create a place where people stick around and work to improve things. Not to mention the monetary benefits.

The Master Class Certification is based on tons of research and high-quality data. It is taught by people who have facilitated more than 6000 workshops for private and public sector companies worldwide.

It'll help. Promise.

What will you learn in the Master Class?

We've got 7 modules designed around hacking the company culture.

In brief, you'll learn how to:

- Get full buy-in from top management
- Attract and retain diverse and creative talent
- Reduce unconscious bias and promote psychological safety
- Create gender balance at every level of the organization
- Mobilize everyone to be reliable allies fighting for inclusivity and equal opportunities for all
- Establish a strong foundation by basing everything you do on data. No more guessing

Upon completion of Module 7, you'll be invited to join a network of certified DEI Champions where you can continue exchanging experiences, acquiring new knowledge and improving your skills and competences within the field of diversity and inclusion. Guest speakers, acknowledged experts and thought leaders will be visiting the network events.

You Automatically become a member of the DEI Champions Alumni Network

When the course ends, you are automatically a member of the global network of certified DEI Champions

Our DEI Champion Master Class is designed for systemic change, and we want to continue to support you in making that change, beyond the seven modules.

That's why we have established the DEI Champions Alumni Network

An Exclusive Inclusive Network of Champions meeting up 4 times a year

The network consists of medium sized networking groups so that we:

- Give space for meaningful sharing of experiences with fellow DEI champions
- Get the opportunity to interact with renowned thought-leaders and guest speakers in live sessions
- Bring your experiences from your life as DEI Champion to the table

By combining case-study sessions, topic-based guest speaker sessions, and facilitating easy access to Living Institute and one another throughout the year via Slack (which we will introduce you to of course!), together with you we are co-creating an exclusive inclusive network that actually works!

Fee: First year's fee is included in the price of the DEI Champion Certification program. Following years: €1.600 annual fee.

How do we Design the Master Class?

We gather business executives, entrepreneurs and consultants with strong academic backgrounds to design all the modules. We make sure all the materials are based on robust research. We really don't want to waste your time, so we make them practical and impactful – you'll learn by experience using exercises developed by internationally renowned scientists and actors.

The Master Class content is informed by statistical data infused with qualitative richness, so you can be pretty sure that it's based in reality but doesn't lose sight of what matters – the people.

We have also built upon our 18 years of experience in the market, helping our clients re-shape their cultures, all of which our founder, Heidi R. Andersen, shares in her book ***Diversity Intelligence how to Create a Culture of Inclusion for Your Business*** (Wiley 2021). The Master Class modules reflect the essential chapters in the book and is as such pre-read curriculum for the Champion program.

And at the end of it, you'll be a Certified DEI Champion. You'll know exactly what to do to create inclusion, and when.

All that will be left is to actually do it.
